Diesel Fuel Additives

AMSOIL Diesel Injector Clean helps clean fuel injector and combustion chamber deposits while lubricating the fuel pump and injectors. It can increase fuel economy up to 8 percent. **AMSOIL Diesel Cetane Boost** increases the cetane of fuel up to seven points for improved ignition, performance and power. **AMSOIL Diesel Cold Flow** effectively modifies wax crystal formation at low temperatures to depress diesel fuel pour point and improve cold-flow filtration properties. **AMSOIL Diesel All-In-One** combines the benefits of Diesel Injector Clean, Diesel Cold Flow and Diesel Cetane Boost in one convenient package without sacrificing performance. **AMSOIL Diesel Recovery** quickly dissolves gelled fuel and thaws frozen fuel lines and filters.

Diesel Power

The First in Synthetics®

The First in Synthetics®

Whether hauling heavy equipment to a job site or towing your boat to the lake, you demand maximum performance from your diesel truck. But severe service quickly takes its toll, increasing heat and inviting damaging sludge formation and wear. AMSOIL synthetic lubricants are designed to withstand the challenges unique to diesels, helping you get thousands of miles of trouble-free service from your truck.

- **Get** the Most out of your Turbodiesel Truck
- **Help** Reduce Maintenance Costs and Extend Engine Life
- **Save** Time & Money

Contact your full-service AMSOIL Dealer for more information on AMSOIL products or to place an order. You may also order direct by calling AMSOIL INC. at 1-800-956-5695 and providing the referral number listed here.

Synthetic Diesel Oil

AMSOIL Signature Series Max-Duty Synthetic Diesel Oil

- ✓ Our most advanced formula
- ✓ 6X more engine protection*
- ✓ Compatible with all exhaust treatment devices
- ✓ Available in 5W-30, 0W-40, 5W-40 and 15W-40

*Based on independent testing in the Detroit Diesel DD13 Scuffing Test for specification DFS 93K222 using 5W-30 as worst-case representation.

AMSOIL Heavy-Duty Synthetic Diesel Oil

- ✓ Excellent protection and performance
- ✓ 4X more engine protection*
- ✓ Compatible with all exhaust treatment devices
- ✓ Available in 10W-30, 5W-40 and 15W-40

*Based on independent testing in the Detroit Diesel DD13 Scuffing Test for specification DFS 93K222 using 10W-30 as worst-case representation.

Synthetic Transmission Fluid

Extreme heat generated when towing and hauling destroys inferior transmission fluids and shortens component life. Heat is especially harmful in today's smaller transmissions that hold less fluid but are required to direct increased power and torque. AMSOIL Signature Series Synthetic ATF is formulated with reserve protection to resist the devastating effects of extreme heat. It is guaranteed for twice the original equipment manufacturer's recommendation for severe service, providing peace of mind that your transmission is protected.

- **Maximum** heat resistance
- **Protects** against harmful sludge
- **Provides** reserve protection in severe service

Synthetic Gear Lube

Too often differentials are out of sight, out of mind. Towing and hauling can increase harmful heat until the gear lube thins, inviting wear and further increasing heat in a cycle known as thermal runaway. The cycle intensifies as heat increases, ultimately leading to poor performance and even failure. AMSOIL Severe Gear® Synthetic Gear Lube guards against thermal runaway, helping differentials provide long, trouble-free life in severe service.

- **Protects** against thermal runaway
- **Resists** harmful deposits
- **Maximum** wear protection

Ea® Oil Filters

Don't sacrifice your diesel engine for a traditional filter. AMSOIL Ea Oil Filters trap and hold more contaminants than traditional filters, keeping them in the filter and out of your engine. Excellent efficiency, less restriction, robust construction.

More Built-in Protection

AMSOIL synthetic diesel oils provide outstanding wear protection, providing the following benefits:

- ✓ **Extended** engine life
- ✓ **Maximum** horsepower
- ✓ **Increased** fuel efficiency
- ✓ **Reduced** oil consumption and downtime
